

**We are here to support Israel, which we should - but the sad truth is that Israel bears much blame**

- Israel retreated from Lebanon in 2000
- Israel forcibly removed Jews from Gaza
- Israel bans Kach and any party suggesting the removal of our Arab enemies
- There are 13 Arab Knesset members – more than 10% of the Knesset!!
- Israel criminalizes opposition to their policies
- Israel throws those who challenge the government into jail without charges.

Were you really surprised by what happened in Gaza and Lebanon?  
**We were not surprised – we had no illusions**

What is Israel's endgame in Lebanon and in Gaza? Nothing.  
Will they remove the Arabs from Gaza? No.  
The government intends to continue their suicidal policies!

We must demand that Israel allow ALL people to speak and to voice their opinions including Kach and those agreeing with Rabbi Meir Kahane.

**ENOUGH TYRANNY! ENOUGH TRAMPLING ON ALL OF OUR RIGHTS!**

For the sake of Israel we must not be silent!

**Without an alternative real solution, there is no difference between the right and the left!**

**WE NEED YOUR HELP! GET INVOLVED!
